# Discontinued product notification: LTPRUP series replaced by LT2PRUP

Dear Valued Customer,

LTPRUP series is replaced by LT2PRUP, the improved and expanded series of 100W continuous and strobe LED pattern projectors. LT2PRUP series is ideal for high-speed applications requiring extreme brightness and features:

- an improved built-in driver for both continuous and strobe operations
- a wider range of wavelengths, now including infrared, UV and Converted Green (540 nm)

The production of LTPRUP LED pattern projectors will be discontinued on September 30, 2024 (unless mutually agreed in advance with a supply agreement) and is subject to product availability: after this date it will no longer be possible to order LTPRUP models.

Contact our sales engineers ahead of such date to replace LTPRUP with new LT2PRUP.

Please see the table below for the discontinued models:

<b>Discontinued model</b>	<b>New model</b>
LTPRUP-R	LT2PRUP-R
LTPRUP-G	LT2PRUP-G
LTPRUP-B	LT2PRUP-B
LTPRUP-W	LT2PRUP-W
